\$149

BENRO®

Let's go!

Let's go explore and find incredible things to capture!

T880EX | ENTRY LEVEL ALUMINUM DIGITAL TRIPOD KIT

This lightweight entry level tripod kit, the Benro Digital T880EX, is for those beginning to explore photography and video. Extremely intuitive and easy to use, the T880EX comes with a 3-way head ideal for both landscape and portrait photography. It can also be used for video allowing for simple pan and tilt movements.

\$69.00

KH25N | VIDEO TRIPOD KIT

The Benro KH25N Video Tripod Kit is ideal for compact digital video cameras, HD SLRs, and still cameras with long lenses weighing up to 11 lb (5 kg). This tripod replaces the popular AD71FK5 model and features an improved leg locking system and an improved fluid pan and fluid tilt head. The KH25N features a 60mm bowl and head-mounted bubble level to ensure proper alignment for accurate camera placement and level panning.

\$278.00

AERO2 | TRAVEL ANGEL VIDEO TRIPOD KIT

The Aero 2 includes the S2C removable flat base fluid effect video head with both pan (left to right) and tilt (up & down) controls for smooth and precise camera movements. The S2C video head is equipped with a sliding quick release plate and safety stop, which enables perfect camera balance and speedy set up and removal of your camera.

\$298.00

PP1 | POCKETPOD TABLETOP TRIPOD

Benro's PocketPod can be used as a tabletop tripod as well as a handgrip for smartphones, GoPro or DSLR cameras. Small enough to fit in your pocket, the PocketPod is made of high quality plastic with non-slip rubber feet and an all metal ball.

\$34.90

BK15 | MINI TRIPOD AND SELFIE STICK

The Benro BK10 is a versatile mini tripod with a telescoping center column and selfie stick. The BK10 mini tripod with ball head includes GoPro style and smartphone adapters with a removable Bluetooth remote.

\$39.90

GD3WH | 3-WAY GEARED HEADS

The GD3WH is designed to offer precision control of camera movement and is ideal for studio still life photographers as well as those landscape photographers chasing golden hours at sunrise and sunset. The GD3WH delivers separate, precision movement in three directions. The controls allow the user to quickly set the camera position before using the large control knobs to apply minute movements guaranteeing absolute precision positioning for that perfectly framed shot.
