## Second Hand- Incoming and Outgoing!

The observant of you may have noticed that we now deal in used goods. This has come about with our alliance with Photo & Video in Christchurch who have been the leading used camera dealers in NZ for 29 years. **Outgoing first** - check out the used camera database on our web site to see if that elusive item that you have always wanted is there. Used goods are well described and images are available. They carry 90 days warranty and can be shipped to your nearest Photo Warehouse branch if you are not lucky enough to live in Christchurch. **Incoming** - Want to turn your Nikon D810 into a D850? Your Fuji X-T1 into an X-T2? All Photo Warehouse branches can now talk to you about your trade in. We don't blindly trade everything of course, but we will try hard to make a deal that suits us both.

Second hand trading is fun, and a great way to upgrade without anyone at home noticing. If you would like an idea if your trade would appeal to us please email the Teaboy direct at teaboy@photo.co.nz
